

Washbasin Fit Guide Schmidlin MERO Counter-top Washbasin

Color Coding in this Fit Guide

The document shows the Schmidlin MERO counter-top standard size SKU numbers paired to third-party vanities. Standard fit = 1/2" overhang (left, front, right) and is marked with a green color. Example, fit key:

< 1/2"	= 1/2"	> 1/2"
--------	--------	--------

For a preferred overhang, custom sizes are possible by ordering a MERO VARIO washbasin. A VARIO product is recommended when the standard product fit is not ideal. These pairings are marked with a yellow color and the recommended size. Example:

VARIO 30" x 21"	
1/2"	1/2"

(Center-bowl, MERO VARIO counter-top has the SKU number, 2120 - 9999)

If Schmidlin cannot provide a solution for a specific vanity, the pairing will be marked as follows:

not available

BBBB, is the second part of the SKU number and defines different variants (additional options). For the color "white gloss" the BBBB variants are shown below:

Order Codes and Standard Variants (AAAA-BBBB)

AAAA = Base Number of Article (product type and dimension)

BBBB = Variant Number (combination of different order codes)

Order codes for options

Surface treatment		Code
CLEANEFFECT		CE1
Options (washbasins)		Code
1 1/4" overflow hole	without overflow hole	OH0
	with overflow hole	OH1
Faucet hole	without faucet hole	FH0
	for single hole faucet	FH1
	for 3-hole faucet (4")	FH2
	for 3-hole faucet (8")	FH3
Soap dispenser hole	position back-left	SDH2
Tissue paper dispenser	position front-right	TPD1

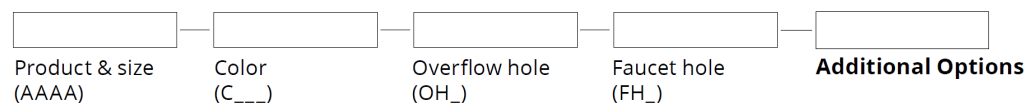

Variant Number (BBBB)

variant no	color	over-flow	faucet hole
AAAA -0002	C001	OH1	FH0
-0003	C001	OH1	FH1
-0004	C001	OH1	FH3
-0005	C001	OH0	FH0
-0006	C001	OH0	FH1
-0007	C001	OH0	FH3

A variant number includes a combination of order codes.

Items can be ordered with the above variant number or by listing the order codes.
