

Swiss Bath Manufacturer
Bathtubs, shower bases and washbasins
made of glazed titanium steel.

individually swiss made 

For a bath that meets your high standards

Are you looking for a bath that meets your high standards and offers new inspiration every day? With over 70 years of experience with glazed titanium steel and our well-deserved reputation as a reliable Swiss quality partner, we are in the perfect position to fulfill your needs.

Discover the brand and its products made of glazed titanium steel

Founded in 1947 in Switzerland near Lucerne, Schmidlin is a traditional Swiss family business manufacturing bathtubs, shower bases and washbasins of the highest quality. Schmidlin is well known and appreciated for its high-end products made of glazed titanium steel. The majority of products are available both in comprehensive standard ranges and as individual, made-to-measure products, giving you the perfect bathroom.

Schmidlin URBAN CLASSIC

The URBAN CLASSIC is a swiss made premium alcove tub for the traditional and the contemporary American bathroom. Exclusively developed for the North American market, this tub is the combination of superior design, exceptional quality and easy installation. Available in two sizes 60 × 30 inch and 60 × 32 inch, with left or right drain.

glazed titanium steel, color white gloss.

Schmidlin NORM CLASSIC

The bathtub with its classic parallel shape and spacious internal casing stands out thanks to its timeless form. For the standard alcove installation it is available in size 60 × 30 inch with tile flanges on three sides and a depth of 17 ¾ inch. Larger sizes are available in custom measurements from 66 × 30 inch up to 70 × 32 inch, even with tile flanges on two sides for corner installations.

Integrated tile flange

Schmidlin RIVA CLASSIC

The simple, oval interior makes Schmidlin RIVA CLASSIC a popular design. The broad rim is a comfortable place to rest your arms. The central drain outlet guarantees an enjoyable bath for two people and makes it ideal for families.

Schmidlin ARIA20

Schmidlin ARIA20 takes relaxation to a whole new dimension. It's the world's first glazed titanium steel bathtub with a depth of 20 inch, giving you maximum space for a soothing bath. And Schmidlin ARIA20 is also perfect for sharing a bath with someone special, as it has a sloping back rest at both ends and a center drain to ensure ultimate comfort.

glazed titanium steel, color white gloss.

Schmidlin CORSO

The bathtub makes relaxing easy, as it caresses your body. The upper section of the rectangular Schmidlin CORSO gives your shoulders all the freedom you need, while the lower oval section gives your body the necessary support. Schmidlin CORSO is perfect for relaxing on your own or with someone special, thanks to the central drain outlet.

Schmidlin SELLA SHAPE

Uncompromising aesthetics in a classic oval: the gentle, flowing forms of the internal casing and the conical outer shape give the Schmidlin SELLA SHAPE a particular lightness. The graceful look combined with the sturdy glazed titanium steel gives every bathroom an impressive charisma. The seamless design of this freestanding bathtub convinces all along the line. The ergonomic inner shape and the spacious overall tub promise pure relaxation.

Schmidlin ORBIS

The Schmidlin ORBIS with its circular classic shape stands for timeless elegance. The Schmidlin ORBIS gives you all the storage space you need in multiple design variants: the washbasin is available as an undermount, a drop-in, a counter-top and as a wall-mount basin. Schmidlin ORBIS can also be ordered as ORBIS VARIO.

Schmidlin MERO EVO

Add built-in bathroom furniture to the Schmidlin MERO washbasin and you get the Schmidlin MERO EVO. Made from glazed titanium steel, the lateral lines of the washbasin stylishly frame the furniture, harmoniously blending it with the basin. The Schmidlin MERO EVO is available in a wide range of sizes and designs and is made from timeless, high-quality materials. The furniture is an elegant drawer which has a quiet and practical soft-close mechanism and can be opened easily thanks to its push-open system. This timeless bathroom furniture is available in two materials: real wood laminate or super matt synthetic resin laminate with a fingerprint-resistant surface. The Schmidlin MERO EVO can also be fitted with practical accessories, such as a magnetic towel holder on the side of the basin or an interior compartment for the drawer, made from solid wood with a black varnish.

Schmidlin MERO

The Schmidlin MERO is a classic washbasin in a cubic design. The basin fits harmoniously into your bathroom and also scores highly in practicality. The deep shape is ideal for everyday family requirements and the shelf space on either side offers room for everything you need, such as our magnetic accessories which make life a little easier.

The Schmidlin MERO is available in multiple design variants such as an undermount, drop-in, counter-top or wall-mount basin. The Schmidlin MERO is also available made to measure, this product is called MERO VARIO.

Schmidlin MERO MINI

There are so many options for the Schmidlin MERO MINI, a practical all-rounder, that you're sure to find what's right for you. The Mini version of this cubic classic is available in a wide range of sizes as well as made to measure.

Schmidlin IRIS

The slender Schmidlin IRIS bowl combines subtle design with sturdy materials. The basin's discreet drain produces a pleasing sense of evenness, which when viewed from above resembles the human eye. Schmidlin IRIS is available in two sizes and a wide range of colors.

Picture: Schmidlin IRIS vessel washbasin 14 ¾ × 14 ¾ × 5 ½ inch, vessel anthracite matte, lens light gray matte

Schmidlin shower bases

The Schmidlin shower bases are available in a wide variety of sizes and different depths. We call them super flat (1 3/8 inch deep) and flat (2 3/8 inch deep). The shower bases are available with integrated tile flanges on three sides and a small apron at the front. Optionally the shower bases can also be ordered with tile flanges on two sides and with aprons on the other two sides.

This solution saves complicated tile work and stands out through its elegance and perfection.

Integrated tile flange

Schmidlin VERTEX ALCOVE

With its clean, simple lines, the Schmidlin VERTEX ALCOVE is the epitome of fine style. Schmidlin VERTEX ALCOVE fits flush with any bathroom floor. The slope to the central drain is hardly noticeable, but it allows the water to drain quickly.

Integrated tile flange

Colors

Schmidlin offers its products not only in glossy white. The outstanding surface properties of glazed titanium steel can also be offered in several colors and in matte shades of gray and black.

Magnetic accessories

Magnetic and practical:

The high-quality accessories can be easily and precisely positioned on all all glazed titanium steel products of Schmidlin and thanks to the integrated magnetic base. They can be moved with no great effort without leaving behind any scratches.

Magnetic towel holder

The simple, high-quality towel holder can be easily and precisely positioned on all wall-mount and 2 inch counter-top washbasins. Chrome plated or black matte finish.

Magnetic bathtub pillow RELAX

The magnetic, ergonomically-shaped multifunction pillow comfortably supports head, neck, arms or feet. Its flexible shape easily adapts to any Schmidlin bathtub, thus offering a safe and comfortable support during bathing. Thanks to the integrated magnetic area, the pillow can be precisely positioned anywhere on glazed titanium steel tubs.
